Market Leading Breathability

BreatheTect offers unparalleled protection for floors that are still curing, and are designed to last longer than conventional products. During construction, floors are finished, and after a few days of drying they are suitable to walk on and allow construction to begin, but the new floor still needs finish its curing process. The solution is Gutster's BreatheTect Floor Protection. With its gentle adhesive, it safely bonds to your floor for up to 90 days without damaging the finish.
